Paul made a motion to accept the November 12th meeting minutes. Skip seconded the motion. All in favor.

Old business: No one has heard anything on the auction house. The email reply from the Codes officer was read.

New Business: There might be a special use permit needed for the snowmobile club oon Skyline.

The board would like clarification on what decision was made in regard to the options discussed with the Town Supervisor at their meeting. Will meetings still be every month, April to December? Only when there is new business. Who will be in charge of the decision?

At 7:48PM a motion was made by Paul to adjourn the meeting. Skip seconded. All in favor

Respectfully submitted,

Anne Brown
